#### **Who is eligible for funding?**

Although the actual tuition does not need to be solely for GCSE English or maths, it's only for students who:

- have not achieved a grade 4 or 5 in English or Maths
- have a grade 4 or above in English and/or maths, are from an economically disadvantaged background and would need catch-up support. These are defined as students from the 27% most economically deprived areas of the country based on the index of multiple deprivation
- have special educational needs and disabilities (SEND). They will be considered for additional support via this fund, particularly where they have experienced additional disruption.

#### **How the funding will be used**

The 16 to 19 tuition fund will be used to provide small group tuition for students aged 16 to 19 who have not yet achieved a grade 5 or above in English and/or maths. Students without a grade 4 will be prioritised. This may include a mix of both teaching and learning support staff as deemed appropriate.

The provision will not be limited to tuition for English and maths, but will also be used to help progressing students where learning may have been disrupted because of COVID-19.

Tuition will take place in small groups or 1:1 sessions and will be scheduled in addition to the planned programme of study hours already timetabled for the academic year 2021/22. Tuition and additional support may be delivered using a blend of online and in school delivery.

Examples of some of the Tuition Support on offer will include:

GCSE exam re-sit preparation

Curriculum knowledge or skills development catch-up sessions

One to one tuition sessions

Tuition support offered will be based on an individual needs assessment, the identification of an individual starting point, clear learning goals, expectations and outcomes.
