Dear Parent/Carer,

As you will know, year 10 students have been studying towards a Level 2 qualification in financial education. Not only is this course an equivalent to a full GCSE, but it also provides students with valuable knowledge of our economy, taxation, personal finance and more.

Students have been delivered the course content through form sessions, maths lessons and lectures with the senior leadership team.

We are fast approaching the assessments for this course and I wanted to inform you of the dates for the assessments, the support being provided within school and how you can support your child over the next 2 weeks.
